

# SLINGERLAND RADIO KINGS

*Set the pace with*

**Ed Shaughnessy**

**C. B. S. STUDIOS**

**N. Y. CITY**

A young, though long time favorite in the Nation's best bands has this to

say: "I've been loyal to SLINGERLAND Radio Kings for many years because they serve me better than any drums I have ever used. They are TOPS for me." I have tried the rest—for me Slingerlands the best."

Slingerland Drums have 30% more non-ferrous (non-rusting) metals than most other makes. Their hoops are the thickest and strongest made. Saves sticks and best tone and response.
